## SPONSORSHIP OPPORTUNITIES

Monday, June 14<sup>th</sup>, 2021 | Scarborough Golf & Country Club

Michael Garron Hospital has emerged as a national leader in the fight against COVID-19. We've tailored our response to our community's needs, preventing vulnerable members of our community from becoming infected and providing life-saving care when it is needed. Never has the importance of community-based healthcare and strong, local health infrastructure been more clear.

Michael Garron Hospital Foundation's signature Golf Classic is celebrating 26 years being amongst the top charity golf tournaments in the province. We're working closely with Scarboro Golf & Country Club to ensure that the safest protocols are in place, including one cart per golfer, and we're confident we can deliver a tournament that meets or exceeds social distancing requirements.

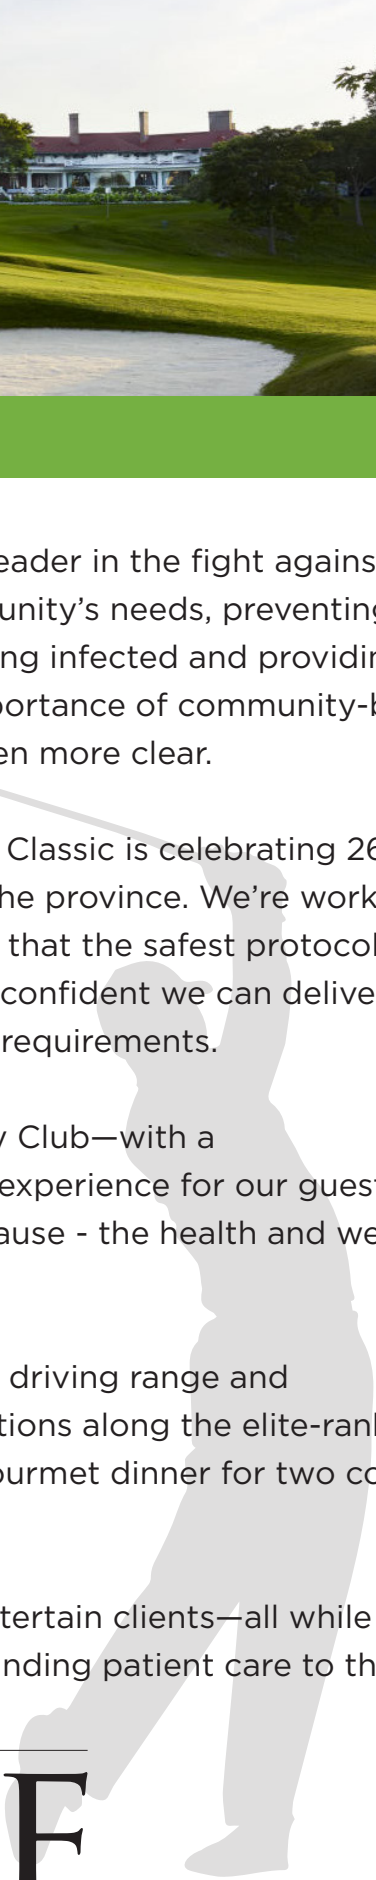

Hosted at the prestigious Scarboro Golf and Country Club—with a limited field of golfers to ensure the best and safest experience for our guests—this event offers an outstanding day of golf for a great cause - the health and wellbeing of the East Toronto community.

The Golf Classic includes: pre-game warm-up on the driving range and putting green, a delicious al fresco lunch, tasting stations along the elite-ranked course, an online auction, and finally a take-home gourmet dinner for two complete with fine wines.

It's an enjoyable way to spend a summer day and entertain clients—all while ensuring Michael Garron Hospital can provide outstanding patient care to the East Toronto community.

# WE ARE THE HEART OF THE EAST

Michael Garron Hospital was founded during the earliest days of the development of East Toronto. We have a nearly 100-year history of providing health care tailored to the needs of our community, with humility and kindness.

We serve thousands of people every day, from the city's most marginalized populations, to those from well-established neighbourhoods, to ethnically diverse communities of newcomers to Canada. Many people in our community already face barriers to receiving health care—our aging Hospital campus should not be one of them.

Michael Garron Hospital has embarked on the Heart of the East Campaign, our \$100-million fundraising effort in support of the \$500-million redevelopment project that will completely transform our campus—creating new, modern spaces that will reflect the excellent care and sense of community that are the hallmarks of our hospital.

Proceeds from the Golf Classic will support the hospital's renewal and expansion and ensure the highest level of care for the East Toronto community.
