Making a positive impact on healthcare in East Toronto

benefits everybody.

Working with Michael Garron Hospital Foundation, our goal is to collaborate with local businesses and residents on initiatives that benefit everyone living in East Toronto.

Michael Garron Hospital: the Heart of the East

East Toronto is one of Canada's most diverse communities. Established neighbourhoods like the Beaches and Riverdale sit alongside those with large populations of newcomers, like Crescent Town and Thorncliffe Park. Poverty and isolation – two of the most critical social determinants of health – affect people in East Toronto disproportionately.

Michael Garron Hospital is a true community hospital, providing high-quality healthcare close to home for everyone who lives in Toronto's east end. It prides itself on being the Heart of the

East, caring for people during some of the most significant and vulnerable moments in their lives.

Michael Garron Hospital believes that when people are healthy, they can reach their full potential and contribute more to their family, neighbourhood, and ultimately, Canadian society. Your generosity ensures it can provide excellent care to everyone in our vibrant, diverse community – no matter which neighbourhood you call home.

EAST TORONTO FACTS

40%

are new Canadians

20% of households have low income

50+

languages spoken

Highest proportion of refugees in the city

More seniors living alone and on low incomes than elsewhere in the city

MICHAEL GARRON HOSPITAL

Help us do more

Ask any healthcare worker and they'll give you a dozen ideas to improve patients' hospital experience. But healthcare budgets are tight; there's not enough funding to purchase every needed piece of equipment, invest in research or to make every good idea happen.

The Impact Council wants to make more good ideas a reality, by raising money at East End Eats to support Michael Garron Hospital projects that might not be funded otherwise.

More money = bigger impact. That's why your support as an official sponsor of East End Eats is vital.

By sponsoring East End Eats, you show your staff and clients that you care about a cause that's important to them: the health and well-being of their community. Sponsors receive a wide range of benefits, including recognition in Michael Garron Hospital Foundation channels and event-day opportunities.

How it works:

- 1. Fundraise: East
 End Eats brings people
 together to raise money
 to support Michael
 Garron Hospital.
- **2. Pitch:** After East End Eats, healthcare teams will pitch their ideas for projects that need funding.
- **3. Select**: The Impact Council chooses which project(s) will be supported with money raised.
- 4. Celebrate: Once the projects are completed, all East End Eats participants will receive an impact report that celebrates the difference they've made at Michael Garron Hospital.

Sponsorship opportunities

	Sp./scr \$20,0	Event Experience Sponsor* \$5,000	Community Sponsor \$2,000
