MICHAEL
GARRON
HOSPITAL

FOUNDATION

You care about making a difference in your community. Now you can show your love for the east end and give **From the Heart**.

With our historic redevelopment nearing completion, you can be part of a once-in-a-generation opportunity at Michael Garron Hospital.

Giving a gift **From the Heart** will directly support our transformative redevelopment project, which will replace half of our hospital by 2024. Our new Ken and Marilyn Thomson Patient Care Centre and extensive renovations throughout the existing hospital space will ensure our facilities match the level of care we provide, close to home, for all in East Toronto. You'll be investing in the well-being of our entire community for years to come — because when people are healthy, everyone benefits.

As a symbol of our gratitude, you'll be recognized as part of the **From the Heart** art installation, an eye-catching piece that will enhance our new patient care centre, opening in 2022. Inspired by our Heart of the East fundraising campaign, it features engraved glass orbs of three sizes and colours, arranged in a striking display that captures the spirit of Michael Garron Hospital as the heart of our East Toronto community. Your name, or that of a loved one, will take pride of place in the display, prominently located outside of the public auditorium, near the new main lobby.

“We want to help ensure everyone in our diverse east end community has better health outcomes and with that, a stronger ability to thrive. From the Heart struck a chord; it gave us the chance to play a meaningful role in the hospital’s new chapter.”
